Cloud Engineer

Program Length: 52 Weeks

Objectives

NetSoft's Cloud Engineer Program trains students in AWS, Microsoft Azure, Google Cloud, Python, Docker, Kubernetes, Ansible, Terraform and DevOps products. It enables students to gain the proficiency needed to harness the power of these products and other cloud and DevOps tools.

Courses

- > AWS Certified SysOps Administrator - Associate
- > AWS Certified Solutions Architect - Associate
- > AWS Certified Advanced Networking - Specialty
- > Microsoft Certified: Azure Administrator Associate
- > Microsoft Certified: Azure Solutions Architect Expert
- > Google Cloud Certified Associate Cloud Engineer
- > Google Cloud Certified Professional Cloud Architect
- > Python Programming
- > Docker Certified Associate (DCA)
- > Certified Kubernetes Administrator (CKA)
- > Ansible Automation
- > DevOps Tools (Git, Jenkins and Chef)
- > HashiCorp Certified: Terraform Associate
- > Artificial Intelligence and Machine Learning

Infrastructure Analyst

Program Length: 52 Weeks

Objectives

NetSoft's Infrastructure Analyst Program trains students in administering, implementing and supporting Microsoft, Citrix, VMware, Cisco and Linux products. NetSoft's courses provide students with the building blocks required to efficiently manage and support Windows Servers, Microsoft Active Directory, Microsoft SQL, Microsoft Exchange, Microsoft SCCM, Microsoft SCOM, Microsoft SCVMM, Microsoft Office 365, Citrix XenApp, Citrix XenDesktop, VMware vSphere, Cisco routers, Red Hat and ITIL. This program enables students to gain the proficiency needed to harness the power of these products.

Courses

- > Installation, Storage, and Compute with Windows Server 2016
- > Administering a SQL Database Infrastructure
- > Implementing a Software-Defined DataCenter Using System Center Virtual Machine Manager
- > Administering System Center Configuration Manager
- > Administering Microsoft Exchange Server 2016
- > Office 365 Administration and Troubleshooting
- > Cloud and Datacenter Monitoring with System Center Operations Manager
- > Designing, Implementing, Administering and Supporting Citrix XenApp and XenDesktop
- > VMware vSphere: Install, Configure, Manage (VCP)
- > Cisco Certified Network Associate (CCNA)
- > Red Hat System Administrator (RHCSA)
- > Red Hat System Engineer (RHCE)
- > Hire Me (Career and Employment Strategies)
- > Information Technology Infrastructure Library (ITIL) Foundation

Amazon

Code #: NCOTASO	AWS Certified SysOps Administrator - Associate

Cisco

Code #: ICND1	Interconnecting Cisco Networking Devices, Part 1 (ICND1)
Code #: ICND2	Interconnecting Cisco Networking Devices, Part 2 (ICND2)

Citrix

Code #: NCOTXAXD	Designing, Implementing, Administering and Supporting Citrix XenApp and XenDesktop
-------------------------	--

Google

Code #: NCOTGCE	Google Cloud Certified Associate Cloud Engineer
Code #: NCOTGCA	Google Cloud Certified Professional Cloud Architect

Microsoft

Code #: NCOTADPC	Designing, Implementing, Administering and Supporting Microsoft Active Directory
Code #: 20740	Installation, Storage, and Compute with Windows Server 2016
Code #: 20764	Administering a SQL Database Infrastructure
Code #: 20745	Implementing a Software-Defined DataCenter Using System Center Virtual Machine Manager
Code #: 20703-1	Administering System Center Configuration Manager
Code #: 20345-1	Administering Microsoft Exchange Server 2016
Code #: 10997	Office 365 Administration and Troubleshooting
Code #: 10964	Cloud and Datacenter Monitoring with System Center Operations Manager
Code #: AZ-103	Microsoft Certified: Azure Administrator Associate
Code #: AZ-300	Microsoft Certified: Azure Solutions Architect Expert

Others

Code #: ITIL	Information Technology Infrastructure Library (ITIL) Foundation
Code #: NCOTPP	Python Programming
Code #: NCOTDA	Docker Certified Associate (DCA)
Code #: NCOTKA	Certified Kubernetes Administrator (CKA)
Code #: NCOTAA	Ansible Automation
Code #: NCOTDT	DevOps Tools (Git, Jenkins and Chef)
Code #: NCOTTC	HashiCorp Certified: Terraform Associate
Code #: NCOTAM	Artificial Intelligence and Machine Learning

Red Hat

Code #: RH124	Red Hat System Administrator I
Code #: RH134	Red Hat System Administrator II
Code #: RH254	Red Hat System Administrator III

VMware

Code #: VSICM67	VMware vSphere: Install, Configure, Manage

Why NetSoft

1 Build the Skills You Will Need in Your IT Career Through Real-World Applications

NetSoft combines formal educational methods with real-world applications and hands-on experience. While both approaches promote skill development, many of our students find that the best way to learn is by doing. At NetSoft, you will take what you learn in the classroom and apply it to everyday career situations.

2 Graduate and Enter the Workforce in 12 Months or Less

NetSoft's programs are structured so that you can graduate with a diploma and join the workforce in one year or less, which allows you to pay back debts faster and begin your career sooner. At NetSoft, you will not be forced to take elective courses that do not pertain to your chosen career. Instead, you can focus your time on the courses that directly apply to your field of study.

3 Learn from Industry-Experienced and Certified Instructors

NetSoft only employs instructors who are knowledgeable, passionate, creative, flexible and able to connect with students. Our instructors have real-world experience and insight, and are trained to coach students toward their goals based on their abilities. As a NetSoft student, you will have instructors who are available to provide the support and mentorship you need as you launch your career.

4 Create a Professional Network with Free Seminars and Events

NetSoft offers seminars and events to help our graduates connect with one another and jump-start their careers by exchanging job details, sharing professional contacts and building lifelong bonds. Statistics show that most people find their first job through a personal connection, which is why NetSoft is committed to helping our students create broad professional networks.

5 Study Industry-Recognized Curriculum

NetSoft's curriculum is updated frequently to stay aligned with the demands of the IT industry. NetSoft's instructors develop course programs that result in certifications, giving graduates more credibility and recognition in the job market. Certified graduates are often given priority over other applicants, as employers are confident that they have the skills necessary to be successful in the workforce.

6 Graduate with a Globally Recognized Diploma

NetSoft is registered as a private career college under the *Private Career Colleges Act, 2005*, and programs offered by NetSoft are recognized worldwide.

7 Gain Confidence with Free Course Repetitions

NetSoft allows students to repeat courses at no cost. Students can solidify their knowledge or refresh their skills by retaking courses or workshops as needed without incurring any additional cost. Please note that in the unlikely event that course prices or materials change, students are required to pay the difference.

8 Fund Your New Career with Easy Financing

NetSoft, in addition to various government programs, can help you finance your education over the course of your program. NetSoft can also recommend banks to assist you with loans for tuition fees. Most loans will be arranged as a student line of credit. NetSoft provides further financial support options; please refer to our *Financial Aid* guide for more information.

9 Get the Job-Seeking Skills You Need to Launch Your Career

NetSoft knows that career development provides the foundation for lasting professional achievement. This is why we offer a career preparation course called Hire Me (Career and Employment Strategies). The Hire Me

course coaches students in résumé writing, interview preparation and other employment-seeking strategies.

When you choose to start your career with courses at NetSoft, know that we will guide you from the beginning of your education to the beginning of your career with exclusive services, including:

- One-on-one consultations with career coaches
- Access to an exclusive list of more than 10,000 recruitment agencies
- Access to an exclusive job board for our graduates

NetSoft's Hire Me (Career and Employment Strategies) course trains students to handle the toughest interviews in the industry, which increases their success rate.

10 Participate in 100% Instructor-Led Classes

NetSoft's classes provide more opportunities for participation, and encourage students to interact with their classmates and instructors.

Testimonials

Wally Rizwan

"The instructors are so helpful and simply first-rate; they care about the students and are always willing to help."

Jasmin Bajaj

"This was a great course with a passionate instructor, and I had a highly enjoyable time. I learned so much — thanks a million! Terrific job!"

Abdul Azeem Syed

"Taking a course at NetSoft helped bring out my confidence. It's not just a technical institution; it's a life-changing establishment. The instructors guide you, motivate you, push you and care about you."

Fahad Syed

"The instructors at NetSoft take the most challenging concepts and teach them in the simplest way possible, which is really fun and engaging."

Vikram Singh Romana

"I loved the hands-on courses, group work and real-life experiences the instructors shared; it's these things that make NetSoft so different from other institutions."

Mansoor Mohammed

"Classes are small, so instructors are able to focus on each student. The one-on-one attention really kept me motivated throughout the course."

Testimonials

Gurprit Virdi

"Taking courses at NetSoft was one of the best decisions I have ever made. The instructors are professional and very supportive. They want you to grow and excel."

Shumaila Saeed

"For my circumstances to change, I must change — and things sure did change for me, all thanks to NetSoft's outstanding instructors and facilities."

Waseem Ahmed

"No other IT institution's teaching methods come close to NetSoft's — it is simply one of a kind, and I would recommend it to anyone."

Inam Bhatti

"NetSoft is an exceptional institution with spectacular instructors who put 110 per cent into everything they do. Thank you, NetSoft, for everything."

Saad S. Ansari

"The instructors at NetSoft do not rush through the courses. They like to ensure all students understand the material and take the time to explain even the simplest topics fully."

Adeela Rehman

"My instructor really helped me to understand the course material when I was struggling. He spent extra time with me to make sure I fully grasped the concepts. Thank you!"
